Effectiveness of (automated) feedback (5-point Likert scale + cannot answer)

- W1 In my opinion, the (automated) feedback has a positive influence on my reflective skills.
- W2 The (automated) feedback encouraged me to reconsider the situation.
- W3 After receiving the (automated) feedback, I made an effort to remember my observations and perceptions in the teaching situation.
- W4 The (automated) feedback encouraged me to justify my assessments.
- W5 The (automated) feedback encouraged me to reconsider alternatives.
- W6 The (automated) feedback encouraged me to draw conclusions for myself.

Usefulness of (automated) feedback (5-point Likert scale + cannot answer)

- N1 I find the (automated) feedback useful in its current form.
- N2 The (automated) feedback has helped me to reflect on my own teaching.
- N3 I would like to see more (automated) feedback of this kind in my training.
- N4 I would write another reflection text in order to receive such (automated) feedback.

Personality of the (automated) feedback (5-point Likert scale + cannot answer)

- P1 I would like the (automated) feedback to address my problems more specifically.
- P2 As it currently stands, I find the (automated) feedback impersonal.
- P3 As it currently stands, I find the (automated) feedback personal.
- P4 I think that the (automated) feedback responds well to my personal reflection text.

Subjective accuracy of the (automated) feedback (5-point Likert scale + I cannot answer)

- SR1 I was surprised by some of the assignments of the elements of a reflection to my reflection text.
- SR2 I think that the elements of a reflection were correctly assigned to my text.
- SR3 I do not think that the assignments of the elements of a reflection to my text were successful.
- SR4 I consider the identified components of framework conditions, descriptions, evaluations, alternatives, and consequences to be correctly determined.
- SR5 I believe that I formulated more alternatives and consequences than indicated in the feedback.
- SR6 I find that the sentences identified as complex are simpler than indicated.

Value of reflecting to get feedback (5-point Likert scale + I cannot answer)

- V1 I find it interesting to reflect on a teaching situation as it happened.
- V2 I think it makes sense to reflect on teaching situations as they happened.
- V3 I consider it important to reflect on teaching situations as I did.
- V4 In my opinion, it is useful to reflect on teaching situations as I did.

Requests (Free Text Response)

- Re Please note at least two requests you have regarding the (automated) feedback below.
